INTELLECTUAL PROPERTY

20+ years of experience

Intellectual property plays an increasingly important role in the socio-economic life. The values created from intellectual property such as inventions, trademarks, industrial designs and copyrights have an increasingly higher proportion in the value structure of enterprises, helping businesses have a competitive advantage in the market.

In the context of more and more developing international integration, intellectual property will be the increasingly high value asset for any enterprise in the world, including from small to medium to multi-national ones.

With the attorneys having more than 20 years of experience, InvestOne is one of the prestigious law firms in intellectual property in Vietnam. We are proving full range of IP services, from registration to enforcement of IP rights in Vietnam. We are also providing IP services in Laos, Cambodia and Myanmar.

OUR WORK

1. To advise on IP laws
2. To advices on registrability of IP objects;
3. To prepare applications/dossiers for registration of Intellectual Property objects;
4. To prosecute the applications for registration of IP rights;
5. To monitor the validity of Registration Certificates and make any related procedures to maintain their validity;
6. To analyze and make report of legal status related to Intellectual Property rights (including detection of violations, analysis of protectionism and validity of intellectual property rights, risk assessment,...);
7. To develop plans to use protected intellectual property rights, plans to identify and protect the intellectual property rights of enterprises;
8. To represent client to resolve intellectual property rights disputes;
9. To carry out cross-border and multinational transactions (including assignments of IP rights, licensing of IP rights, franchising related to intellectual property rights, distribution and technology transfer, confidentiality of intellectual property rights,..)

PROCESSES and procedures

1. Receiving your request and information.
2. Researching and evaluating the request and related information/documents.
3. Preparing requisite documents.
4. Drafting legal records.
5. Carrying out necessary procedures and works.
6. Reporting the progress of the work and carrying out the handover procedure when the results are available.
7. Resolving all legal issues arising on behalf of client.

PATENT UTILITY SOLUTIONS

The most complex object of intellectual property, so the procedure for registration of patent protection is also complicated and time consuming.

GEOGRAPHICAL INDICATIONS

This object of industrial property brings many economic values and brands to the locality.

INTEGRATED CIRCUIT LAYOUT

Registration thereof protects the spatial structure of circuit elements and the linkage of those elements in semiconductor integrated circuits.

TRADEMARK

Exclusive trademark registration for products / services is the only way to protect the brand and affirm the value of the business in the market.

INDUSTRIAL DESIGN

As an important object of intellectual property, brings a competitive advantage in helping consumers easily identify business products.

COPYRIGHT & RELATED RIGHTS

Protecting citizens' rights when they participate in creative activities to encourage people to create more and more valuable works.

ENFORCEMENT OF IP RIGHTS

IP due diligence and analysis, IP risk assessment, settling disputes on infringements of intellectual property rights.

ENTERPRISE CONSULTING

10+ years of experience

A full and stable legal foundation is the core factor to maintain the success of each business. That's why businesses always need advice and support of good lawyers to avoid legal risks in the process of operation.

With its experience, InvestOne Law Firm always accompanies your business to solve all legal problems, brings out the advices and offers the best solution to your problems and to minimize the arising risks during operation of your business.

We understand what businesses need at a law firm...

- ✓ In-depth consultation for business owners to understand in detail and accurately the legal provisions related to the business sector of the enterprise.
- ✓ Consulting and taking procedures for establishing business, opening branches and representative offices, changing business registration, changing name, head office, industry, type of business,...
- ✓ Consulting on organization, management and internal control of enterprises.
- ✓ Consulting and taking procedures for halting operation, dissolution, purchase and sale, merger of enterprises.
- ✓ Consulting on resolving internal disputes, business disputes.
- ✓ Consulting on other legal areas arising in the operation of the enterprise.

IN-DEPTH CONSULTING

Assisting the business owner to be aware of the problem in true manner and offer the best solution.

COMPLETELY SOLVING

Solving the root of problems, forecasting the risks that may arise, proposing the ways to prevent and minimize risks.

ENSURING BENEFITS

Making efforts to ensure legitimate rights and interests of clients. Maintaining cooperation in sustainable development.

REASONS WHY YOU NEED A LAWYER

MORE EFFECTIVE

With a contract with a law firm, the enterprise now has a team of lawyers, professional and experienced experts who are ready to support immediately.

PEACE OF MIND

The lack of understanding of the law creates unpredictable legal risks and may result in losses in business. You will feel confident and very secure when having your own lawyer next to you.

MORE PROFESSIONAL

As a professional practice organization, lawyers often receive more respect and cooperation than ordinary legal staff of the business.

COST-SAVING

Instead of maintaining the legal department, businesses can hire the services of InvestOne Law Firm for advice and deal with each case, which is more economical.

SUSTAINABLE COOPERATION

The longer the cooperation, the better the lawyers understand the business. This understanding will improve working efficiency and create a close relationship towards sustainable development for both.

TIME-SAVING

With extensive experience and relationships accumulated after many years of working InvestOne's lawyers can solve the legal issues more quickly and efficiently.

RELATIONSHIP EXTENSION

In some cases, we can help businesses to connect, find potential partners and clients, expand relationships, create more new business opportunities.

FOREIGN INVESTMENT

Being evaluated as a highly competitive market with the stability of social security, the attraction of economic growth and foreign direct investment which has been a plus in the eyes of investors, Vietnam has been the attraction of foreign investment flows in many recent years.

The investment environment is not only affected by the political system, legal policies, and stability in social order and security but also depends on the transparency and awareness of each component participated in the investment environment there. This is the main reason why the demand for investment counsel in Vietnam is increasing. We understand that foreign investors need not only legal advice but also to study the market, environment and economic characteristics of each locality to be able to create a investment plan.

Therefore, InvestOne Law Firm has invited good lawyers, collaborating with leading economic experts to support investors. We believe that with experience of advising hundreds of large and small investors who have been investing in many fields in Vietnam, InvestOne will help you overcome legal barriers, political factors, language and geographical distance to deploy investment projects quickly and smoothly.

WE WORK WITH INVESTORS TO ANALYZE INVESTMENT ENVIRONMENT, CONSULT, SUPPORT LEGAL PROCEDURES WHEN IMPLEMENTING INVESTMENT PROJECTS IN VIETNAM AND SUPPORT TO APPLY FOR LICENSES/PERMITS FOR FDI ENTERPRISES

SEEKING PARTNERS
